

Tariff of Mortgage Charges

Effective 14 December 2023

At Gen H, we want you to know when you might need to pay a fee for the administration of your mortgage.

We support the mortgage industry’s initiative to make fees and charges easy for you to understand so that you can compare different lenders to find the right match for you. Our Tariff of Charges is designed to reflect this initiative’s principles of good practice.

When looking at the fees that other firms charge, you may notice some that do not appear in our tariff. This means we will not charge you those particular fees.

Fees payable before your first monthly payment

These are the fees and charges you may have to pay before we transfer your mortgage funds.
